ADA, OKLAHOMA, MONDAY EVENING, JUNE 26, 1911

NUMBER 70.

TRADE DAY PREPARATIONS

COMMITTEE HOLDS MEETING AND ARRANGES DETAILS OF THIRD MONDAY.

This morning the Trade Day Committee, consisting of Orville Sneed, S. M. Shaw, W. S. Morrison, A. H. Burgess, R. W. Simpson, L. A. Ellison, S. G. Ashby and C. S. Wood held a meeting and arranged most of the final details of that big occasion. Most of the premiums have been assigned and a page ad in the Weekly News will give all the details and announce the premiums offered. It is the intention of the committee to distribute about \$300 worth of premiums on that eventful day.

The amusement features of the day have not been overlooked and all sorts of fun is in prospect, including a chase after a greased pig, climbing a greased pole, sack races, foot races, pony races and an auto race. Besides these there will be a ball game.

I. McNair submitted a letter from F. S. White, agricultural and horticultural agent for the Frisco, stating that he would make every effort to be here on that date and would be ready to do anything that was asked of him.

FOR ADMISSION OF TERRITORIES

Washington, June 26.—The democratic house scored another victory today when the senate Committee on Territories decided to accept the house solution of the statehood problem and ordered a favorable report on the house resolution ratifying the Arizona and New Mexico constitutions. One change was made in the house resolution, and that was to further safeguard the Australian ballot in the New Mexico election on the proposed amendment to its constitution. The separate vote in the Arizona recall provision as applying to judges, and on the New Mexico amendment to make easier the amending of the constitution as provided for in the house resolution, are retained in the senate measure.

Insurgents Join Democrats.
The result was obtained through a coalition of the democratic and insurgent republican senators on the committee. Senators Brown and Brewster voted with Senators Owen, Chamberlain, Shively and Hitchcock for the House resolution, as amended by the Senate committee, while senators Nelson, Burnham and Lippitt voted against it. Senators Johnson of Maine (Dem.) and McLean of Connecticut (Rep.) were absent, while Senator William Allen Smith of Michigan, chairman of the committee, abstained from voting.

If a vote can be forced in the senate, the resolution will pass by a safe majority. It will unquestionably be concurred in by the house, and the Statehood question will then be before president Taft for signature or veto.

Bailey to Attack "Heresies."
New Mexico boomers of statehood,

who have appeared before the congressional committees on the subject of ratifying the New Mexico constitution, state that Senator Bailey has advised them that he intends shortly to make an exhaustive constitutional argument against the "heresies" in the Arizona constitution and against the modern movement for direct legislation, generally. The statehood advocates believe, however, that outside of Senator Bailey's speech there will be a prolonged discussion of the statehood question.

Over 1,000 Convicts at McAlester Pen.

There are at present 1,027 prisoners in the state penitentiary at McAlester, divided as follows: White males, 525; white females, 5; colored males, 516; colored females, 13; Indian males, 62; Mexican males, 6. There are 134 life prisoners, 131 males and 3 females.

GOSPEL TENT AT 16TH AND ASH

The meeting being conducted by the First Christian church at 16th and Ash drew an overflow audience last night. The singing was spirited under the direction of I. Wymore. Mr. Wymore is a successful soloist and sang last night, "What Shall the Harvest Be?"

The audience was enthusiastic and good natured last night and received well the sermon "Is the World Sick" by Leroy M. Anderson.

The sermon was an analysis of the conditions today as indicating the world's sickness. The things pointed to were religious movements coming from any source and receiving a following. The passion for pleasure was referred to and the love for glitter and dramatic. An appeal was then made for the surrender to Christ as the sum total of all life.

At the church yesterday morning there were three added by primary obedience.

The subject for tonight will be, "How Shall We Escape?"

Dry in Missouri.

B. Ruble of Conway, who is visiting at Lebanon, Mo., writes the News that it is very hot and dry up there. It has not rained since April 30 and corn, gardens and potatoes are all burnt up.

RETURN OF THE FAVORITES

The popular Harrington Stock Co. will commence a return engagement tonight producing the beautiful emotional drama "A Mother's Devotion," a play that is new to Ada theatre goers and one of the best now before the public. It is written by one of the foremost dramatists of the day and is interspersed with comedy and pathos beautifully blended. Mr. Ernest Harrington will appear in one of his best comedy roles and Miss Beatrice Harrington who made such a hit here before will be seen in the emotional role of the mother. The vaudeville features include the popular twentieth century girls, the LaParl sisters in new songs and dances.

CHAMP CLARK IS PLEASED

ENUMERATES ACHIEVEMENTS OF DEMOCRATS IN CONGRESS.

Washington, June 26.—This is the record to date of the democratic house of Representatives as written by Speaker Champ Clark himself:

"In the last two months the democrats of the house have experienced a brand new and most pleasant sensation—that of being praised for what we are doing and trying to do. Heretofore for sixteen years we received little praise for anything and what little we did receive was for fighting bad measures. Now the praise is bestowed for good measures. Instead of being sneered at as a party for mere negation, the house is everywhere lauded for its program of constructive legislation.

Says Record is Splendid.

"It is a splendid record. We have passed a resolution submitting a constitutional amendment for the election of United States Senators by the people; a bill compelling publication of campaign expenses before the election; the reciprocity bill; the Arizona and New Mexico statehood bill; the farmers' free list bill and the bill reducing tariff rates on wool and woolen goods by about 66 per cent. "Practically every democratic pa-

Rugs and Carpets Cleaned By Electricity Phone Us For Prices SMITH 203-5 W. Main St.

per indorses what we have done. So do most of the independent papers. So do many republican papers. A feature of the situation rarely referred to is that the house democrats have presented bills so just and fair that several of the more liberal and progressive republican members have voted for our bills. This is gratifying and is an evidence of the effect we are making on reasonable republicans throughout the country.

Republican Senate Does Little.

"In the meantime the republican senate is doing little and that little is in the direction of nullifying all we do. They go at it by indirection. Being really opposed to electing senators by popular vote, they amended the Rucker resolution in such manner, so they hope, as to lead to its defeat. They are contemplating defeating Rucker's bill for publishing campaign expenses in the same way. Senator Root is trying to perform the same operation on the reciprocity bill. It might as well be understood first as last that the house is opposed to the Root amendment, which is in the interest of the wood pulp and print paper trust.

May Fight All Summer.

"On the average the membership of the house is younger than that of the Senate. We can swelter through the dog days as gracefully as the senators can. We feel that we are doing right and that we are sustained in our course not only by democrats with practical unanimity but also by indwelded and fair-minded republicans and we propose to fight it out on this line if it takes all summer."

This record of the achievements of the democratic house, as given to the press by Speaker Clark, is regarded by the speaker's friends as his "platform" as a candidate for the presidency. Mr. Clark himself does not describe the utterance as a "platform" nor has he formally announced himself as a candidate for the presidency. But in other ways than by formal announcement he is before the country as a presidential aspirant and his projection into the presidential arena rests principally upon the splendid record which the democratic house has made in the short period of its existence.

Antis to Circulate Petitions.

Oklahoma City, Okla., June 26.—Shortly after July 1 the recently organized local option and high license association will begin circulation of petitions under the initiative and referendum law for submission

of local option and high license amendment to the constitution, to a vote of the people. According to ex-Mayor Stearns of Shawnee, who is president of the organization, the bill, which is now being drawn, will provide no procedure, but merely repeal the state-wide prohibition feature of the Constitution and insert authority for the legislature to enact a local option and high license law. Defeat of the last local option proposition was chiefly due to the vast amount of legislation proposed and the procedure which the initiated measure carried. Promoters of the idea believe under the simple conditions proposed, state-wide prohibition will be repealed.

Many Hogs Being Shipped.

Saturday night Wright & Deckert shipped a car of 110 hogs to Fort Worth. This makes five cars they have shipped out in the past month. A good showing for Pontotoc county.

STOCKYARDS BURN AT FORT WORTH

Fort Worth, Tex., June 25.—Today the Fort Worth Stock Yards were visited by another disastrous fire, the second since the beginning of the present year.

Fire, which started about 4 o'clock this afternoon and burned fiercely for two hours, swept here twenty-seven acres of cattle and hog pens, destroying property variously estimated at from \$100,000 to \$200,000.

A spark from a locomotive is believed to have caused the fire.

Cattle and Hog Losses.

So far as known only about fifty head of cattle and 200 hogs were destroyed of the thousands of head of live stock in the pens. Such hogs as died, perished more from heat and smoke than from the fire. Boys and men drove them out of the pens ahead of the advancing flames and many excessively fat porkers dropped in the streets hundreds of yards from the fire and died.

The property loss was fully covered by insurance and, as facilities remain for handling 326 cars of cattle per day, there will be no interruption of business, according to an official statement issued by General Manager King of the Stockyards Company tonight.

The pens which were consumed covered a stretch of ground nearly one mile in length and one-eighth of a mile in width, to the west of the packing houses of Swift and Armour.

THE TENT MEETING

Last night we had a good audience to hear "The Bible Sabbath," and many seemed interested.

The subject tonight will be "The Moral Law and the Ceremonial Law Distinguished." In this it will be shown which law was done away in Christ.

Mrs. Melissa Ruble, of the Lanham neighborhood, passed through this morning en route to Ardmore.

Editor Whitmore of the Stratford Tribune, was an Ada visitor Saturday afternoon. Mr. Whitmore is giving Stratford the best paper it has ever had.

THE GOODS WE SELL

Are representatives of ours that go into homes of our customers, and we know that it is important—yes, imperative to our success that our merchandise be Right in Quality and Right in Price. It is the quality of the goods we sell, aided by the prices we make, that has forced

OUR GROCERIES

to the front ranks of Table Supplies, and has won through fulfilling every requirement, meeting every demand, giving perfect satisfaction to all, the distinction of being

THE BEST.

We want your trade. Will you share it with us on a basis of FAIR DEALING?

SANDERS & SON

The Grocers

THIS WEEK

We can sell you a Heavy 4 Sewed Broom for 15c, is about half what they are worth in the regular way.

Men's Half Hose, in black, tan, blue and purple, a special lot at 5c a pair, the limit is 3 pairs to the customer.

Don't you know we can save you money on notions?

Needles—warranted perfect, gold eyes, 3 papers 10c.

Clark's O. N. T. Spool Cotton 6 for 25c.

Crochet Cotton, Brooks' Silky, guaranteed fast colors, 3 spools for 10c.

Shoe laces, good heavy ones, per dozen 10c.

We also in this line sell hair pins, wire and horn, side combs, back combs and fine combs.

Celluloid and metal back horn dressing combs 10c.

We have a fine line of stationery, school supplies and school books.

Tablets, ruled and unruled for pen or pencil, 5c and 10c.

See our line of ladies' and children's oxfords, a tried and warranted line that you will be pleased with. We respectfully solicit your business.

LORIMER SUPPORTER FORCED FROM RACE

Washington, June 26.—Greatest interest centered here today in a dispatch from Frankfort, Ky., announcing the withdrawal from the senatorial race of United States Senator Thomas H. Paynter, leaving the field open to Representative Ollie James. His term expires March 3, 1913. The Kentucky primaries at which Senator Paynter's successor will be elected takes place next month.

In congressional circles Senator Paynter's elimination from the United States senate is regarded as the first tangible political results of the effort made last session to keep Lorimer in the senate.

Senator Paynter was a member of the committee on privileges and elections last session and, with Senators Bailey, Fletcher and Johnston, was a strong supporter of Lorimer.

The sentiment that sprung up against Senator Paynter among the people of his state encouraged several Kentucky Congressmen to aspire for the place, among them Representative Stanley, who is conducting the steel trust investigation, and Representative Johnson, chairman of the District of Columbia committee in the house. The race finally narrowed down to Paynter and James and for weeks it appeared to be a foregone conclusion that Representative James would sweep the state.

Ollie James is a fighting progressive democrat and staunch partisan of William Jennings Bryan. He stands for just the reverse in politics for which Senator Paynter stands, and in the Ballinger investigation proved himself one of the most valuable men on that committee. He is a member of the House Ways and Means committee and in the fight over the revision of the wool schedule, he stood out for free wool and 25 per cent ad valorem duties on the general run of woolen goods, until the caucus determined otherwise.

NOTICE TO THE PUBLIC.

We desire to advise the general public that the celebration advertised at Ada on July 4th has been arranged by private parties for the benefit of a few private citizens, and is not and will not be encouraged in any way by the Retailers Association and the Ada Chamber of Commerce. July 17th will be Ada Trades' Day and we invite all citizens of Pontotoc County to get together at the County Seat on July 17th.

RETAILERS ASSOCIATION, ADA CHAMBER OF COMMERCE

J. M. Hammond and wife, who were guests of Geo. Kice and wife, returned to their home at Mill Town, Indiana, this morning.

FARMERS PLANTING FORAGE CROPS

Duncan, Ok., June 26.—Farmers living contiguous Duncan are very busy just now getting in kaffir corn, cane, milo maize, and other forage crops. The demand for seed for these products is greater at present than ever known, one seedman in Duncan with in the past three days having disposed of 400 bushels of cane seed alone. Kaffir corn and maize seed are hard to get, yet the demand is being met by great exertion. The total failure of the corn crop forces the farmer this year to diversify, and he will find in the long run that the corn failure was a blessing in disguise. Kaffir corn, milo maize or cane, planted any time between now and July 10, will make good crops, even under adverse conditions, and the necessity of planting these forage crops is now so apparent that the man with the hoe is getting down to his work. Cotton never looked better than it does now, and the conditions are highly favorable for a bumper crop. With fair forage crops and excellent cotton prospects, the farmer had as well fire the "blues" out the back window and look upon the bright side of life.

Gov. W. L. Byrd was a passenger to Mill Creek this morning.

We Announce THE ARRIVAL

of a complete assortment of seasonable Toilet Preparations of

Editorial Office, No.

Any erroneous reflection on the
 character, standing or reputation of
 any person, firm or corporation which
 may appear in the columns of The
 News will be gladly corrected upon
 its being brought to the attention of
 the management.

Obituaries and Resolutions of Res-
 pect of less than 100 words will be
 published free. For all matter in
 excess of 100 words a charge of one
 cent per word will be made. Count
 your words and remit with manu-
 script.

Perhaps many residents of Wash-
 ington have a full realization of what
 it means to see "Hamlet" played with
 Hamlet himself missing. Of course it
 was possible for only a limited num-
 ber to be present at the celebration
 of the silver wedding of the Tafts,
 but it was announced that on the
 next evening a celebration exactly
 like the first would be held for the
 benefit of the general public. It was
 pulled off all right, but the Tafts
 themselves had quietly faded from
 town during the day and the celebra-
 tions had it all to themselves out on
 the grounds surrounding the White
 House.

Gov. Cruce has offered to commis-
 sion as special enforcement officers
 any and all who will volunteer their
 services without pay. To date only
 one man has availed himself of the
 offer, but the chances are that the
 governor will hear much less com-
 plaint hereafter about the enforce-
 ment of the prohibition law than
 formerly. He will simply tender a
 commission as special officer to the
 man who knows so much about the
 number and location of the joints,
 and the aforesaid kicker will in most
 cases subside. It is the nature of
 the average citizen to kick like
 blazes at others, but when it comes
 to doing any thing himself, it puts a
 different face on matters.

There is one consoling thought for
 the slow but sure plodder in life.
 When he does finally attain success
 the reward is just as great as it is
 for the swifter and more brilliant
 man who distanced him in the early
 stretches of the race.

The citizens of Ada have become so
 accustomed to finding what they have
 lost, or finding the owner of lost prop-
 erty, through the want columns of
 the News that the office is about the
 first place they head for. Consequently,
 many lost articles are located
 right here even before an ad has
 time to appear in the columns of
 the paper.

Tomorrow the sister of the editor
 will leave for Texas and spend a
 month on a visit. While she is away
 we shall have a fine chance to enjoy
 all the freedom that goes with a
 bachelor's life, including cooking
 breakfast and supper. The only trou-
 ble that ever gave us was in making
 the dishes last from one Sunday un-
 til the next without washing, it
 sometimes being necessary to turn
 the plates over and eat off the bot-
 toms in order to escape the trouble
 of washing them between Sundays.

HOW DURANT DEALS WITH THE STREET FAKIRS.

Durant seems to have solved the
 problem of dealing with street fak-
 irs. The council decided that these
 travelers must be exposed to many
 diseases and that in consequence they
 must surely carry many deadly dis-
 ease germs about their bodies. There-
 fore the council passed an ordinance
 to the effect that when a fakir struck
 town, if any one expressed any doubt
 about the state of his health, he must
 go before the mayor for "examina-
 tion" and a "certificate of health."
 Such proceeding costs the fakir a fee

of \$5.00 and is good for only one
 day.

PLENTY OF WATER AT BYRD'S MILL SPRING

It is said that Byrd's Mill spring
 from which Ada will draw its sup-
 ply, is lower than for several years
 past, but it appears that even now
 there is enough to run two or three
 towns the size of Ada. A. L. Beck
 was down there yesterday and made
 a careful measurement of the water
 which is being carried off in a flume.
 Although considerable water is run-
 ning under the temporary dam, a
 stream of water a foot deep and two
 feet wide is flowing through the
 flume, which is thirty feet long. It
 requires just four seconds for the
 water to run the thirty feet. From
 this it can be easily calculated just
 how much water is coming through
 it. The figures for twenty-four hours
 indicate a little more than 10,000,000
 gallons. With what is escaping
 through other channels it is evident
 that the flow must be something in
 the neighborhood of 12,000,000 gallons
 per day.

To Drill for Oil at Checotah.

There is oil in paying quantities
 near Checotah, confidently assert
 business men there, and they are
 willing to either prove good their
 assertions or lose with cold, hard
 cash.

The Price Oil and Gas company is
 now being organized with a total
 stock subscription of \$3,500 for the
 purpose of sinking a well eight miles
 southeast of the city. The location of
 the supposed field is on a line di-
 rectly south of the Muskogee field,
 and is one of the reasons why Che-
 cotah residents are confident that oil
 will be found in paying quantities.

An oil driller has arrived at Che-
 cotah and operations will begin in
 about ten days.

Wireless Telegraphy and the Aero- plane.

Marked progress has recently been
 made in experiments with wireless
 telegraph apparatus operated from
 an aeroplane. Small light-weight in-
 struments are used and many techni-
 cal difficulties cleverly overcome;
 tests have been carried out by mili-
 tary authorities in all countries.

Perhaps the most important func-
 tion that can be performed by the
 aeroplane and its chief claim to prac-
 tical utility will be to furnish a sta-
 tion from which to send wireless
 messages. On account of its ability to
 almost immediately rise to a great al-
 titude, and scout far and wide over
 the country and communicate the in-
 formation obtained, it will be most
 valuable for determining the direc-
 tion to be followed by a moving
 column of soldiers. The French army
 is provided with automobiles equip-
 ped with tall telescoping poles made
 of metal for supporting the wireless
 antennae, while the wires of the aero-
 plane itself are now used for the
 antennae on board the flying ma-
 chine. With the addition of a wire-
 less telegraph equipment the modern
 passenger aeroplane is quite com-
 plete. Like the present-day ships at
 sea, it can always be in close touch
 with assistance and able to transmit
 important news and receive instruc-
 tions from distant points.—Augustus
 Post, in July Columbian.

Two Schools and Two Editors.

The social amenities are strained
 between the Parson editor and the
 Coon editor. For instance last week
 Parson Roberts, who gets out a Sat-
 urday sermon in his 'steemed Repub-
 lican, appeared in a long tailed coat
 on the day he took charge of the
 commercial school, to lend him dig-
 nity we suppose, whereat the Coon
 editor started up his class in short
 hand and advertised for pupils, at
 the same time remarking that he
 once was the proud possessor of a
 Prince Albert but since he had been
 in the newspaper business and lost
 much filthy lucre from his invest-
 ments in mining and boosting the
 town, his wife had cut up said coat
 to make the kids pants.—Miami Rec-
 ord-Herald.

A REFRESHING SCENE.

A view made along the course of the water from Byrd's Mill spring to the
 pumping station. There is inspiration in the scene.

JURIST AND POET.

The following beautiful ballad, was
 handed to the News in its original by
 W. B. Adair or Adare, deputy sheriff,
 taken from the original, written fifty-
 five years ago, by the Texas jurist
 and poet, Judge Weaver. It appears
 that the occasion and inspiration of
 the poem was the occurrence of a
 pioneer Texas trial of a man for his
 life for the killing of another man,
 with the tragedy of which Ellen
 Adare was closely, though innocently
 associated, Ellen Adare of the follow-
 ing ballad was the elder sister of
 W. B. Adair. All old Texans remem-
 ber the distinguished Judge Weaver
 and who was the father of two dis-
 tinguished Oklahoma citizens, the
 Honorables Claude and Green Weav-
 er of Oklahoma City.

Ellen Adare—A Ballad.

I watched the cloud-roses of sunset
 grow pale,
 And my mind wanders off to a fair
 western vale;
 And I asked where's the girl of the
 East can compare
 With the belle of the frontier—sweet
 Ellen Adare.

That valley grows thick with the
 downy musquit,
 For it loves to be pressed with the
 maiden's light feet.
 And millions of flowers, enchanting
 fair,
 Shed their sweets round the foot-
 steps of Ellen Adare.

Oh, the night I first met thee, en-
 rapturing maid,
 Is a green leaf of memory that never
 shall fade.
 Of course, court or jury I scarce was
 aware,
 But my speech was inspired by Ellen
 Adare.

The tear drops of mercy flowed fast
 from her eyes
 Like dew that are wet from our blue
 skies,
 And I knew that cold language could
 never impair,
 That appeal from the eyes of kind
 Ellen Adare.

She blushed through her tears, and I
 thought as she slept,
 In her garden, the roses bent o'er
 her and wept,
 Out of envy at charms which they
 could not eclipse,

And with ruby drops tinted her
 cheeks and her lips.

And I thought, as I gazed on her
 forehead, as white
 As a snowflake just tinged by the
 sun's light,
 That cupid for fetters would steal her
 black hair,
 If he were not in love with fair El-
 len Adare.

Bright queen of that grassy, Hes-
 perian vale,
 Let this ballad so simple reveal
 thee a tale—
 The old story of hope, intertwined
 with despair—
 I love thee supremely, sweet Ellen
 Adare.

Fain, fain would I yield up the For-
 um's cold strife,
 Could I make thee, blest nymph of
 that valley, my wife
 And with contentment—those jewels
 so rare,
 Find peace in the arms of dear Ellen
 Adare.

Fire at Hunter.

Hunter, Okla., June 25.—Fire, of
 incendiary origin, which was started
 here at one o'clock Sunday morning,
 wiped out three buildings and stocks
 of goods and caused a loss of \$10,000
 with probably \$6,000 insurance. The
 buildings burned were a furniture
 store and automobile garage belong-
 ing to Ralph Bloch, and a general
 store of the John F. Moses company.
 The fire was started between the
 furniture store and the garage. There
 is no clue to the crime.

For a time, with a stiff wind fan-
 ning the flames, the entire town was
 threatened and only the heroic work
 of a citizens' fire brigade prevented
 their spread further. The Enid fire
 department was summoned, but it ar-
 rived too late to be of assistance.
 The blaze was gotten under control
 about two o'clock. A thorough in-
 vestigation will be made by the city
 officials in an effort to run down the
 guilty party or parties.

Sunday a birthday dinner was giv-
 en in honor of M. P. Donaghey and
 daughter, Miss Minnie. A number of
 presents were received.

Golda Donaghey returned home this
 morning from a visit to her sister at
 Nashville, Ark. She was met at Sher-
 man by her mother, who accompanied
 her home.

Sol Moss is in from Stonewall this
 afternoon. The late rains missed him,
 and as a consequence his corn is
 about all in. However, he has ninety
 acres of cotton which he says is fine.

TALE OF GRAFT IN NEW YORK

New Man in Office Who Ignorantly
 Demanded \$500 and Might Have
 Had \$15,000.

This is a little story of New York
 graft, according to the New York cor-
 respondent of the Cincinnati Times-
 Star. Unfortunately, the names may
 not be used. But it has been the cus-
 tom of a corporation in this city to
 pay a sort of retaining fee to the hold-
 er of a certain political office, just to
 be let alone. The corporation heads
 did not ask anything else from the
 officeholder. They merely did not
 want to be prodded by crusades which
 presumably had an origin in a desire
 for reform. The graft payment for
 years had been \$10,000. "We'll likely
 have to pay more, now that So-and-so
 is in office," said they, when a certain
 man was elected. "He has the name
 of being very grasping."

So they sent an intermediary to the
 newly elected officeholder, with power
 to negotiate. They were willing to
 pay \$15,000, if necessary, but not a
 penny more. The usual preliminaries
 were gone through. "Your company
 will have to come over," said the of-
 ficeholder. "I'm no cheap man. I
 know you've been paying right along,
 and you'll have to pay me more than
 you have been giving up to this office
 in the past. When I go grafting I go
 right." And he swelled up and
 looked very important. The interme-
 diary was frightened. He asked very
 humbly how much the officeholder
 would demand.

"Not a penny less than \$500 a
 year," said the officeholder, sternly.
 The sum was paid, and it was not
 until the officeholder had been out of
 office for months that he learned the
 scale on which previous payments had
 been made. The information actually
 sent him into a decline. He grieved
 so over it that he really lost his
 health. If one mentions a large sum
 of money in his presence nowadays
 he's apt to burst into tears.

A Fighting Chance.

The advanced English class had
 been reading The Legend of Sleepy
 Hollow, and had reached the dramat-
 ic line where it said, "A plashy tramp
 caught the sensitive ear of Ichabod."
 "Put it into your own words," asked
 the teacher of a promising-looking stu-
 dent.

"Why," he replied promptly, "the
 dirty tramp got a hold of his sore
 ear."—Judge.

HOW MUCH Is a Regular Cus- tomer Worth to Your Store?

Suppose you could BUY 100 additional
 REGULAR CUSTOMERS during
 the next week or two--customers who,
 for years and years to come,] would
 make a MAJORITY of their pur-
 chases of goods in your line at YOUR
 STORE? What would each of these
 100 customers be worth to you?

It is, we think, quite likely that if such
 an investment were possible, you'd
 eagerly pay TWICE AS MUCH as
 it would cost you to secure these 100
 REGULAR CUSTOMERS
 through an advertising campaign big
 enough and aggressive enough to really
 make people ACQUAINTED with
 your store.

Floyd South attended the box supper at Knox school house Friday night. THE BUSY BEE.

More light than any other store in town. Light is better than darkness. Crescent Drug Store. 49dtf

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Ada People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Help the kidneys with the safe and reliable remedy, Doan's Kidney Pills, which has cured people right here in this locality.

J. E. Womble, Main St., Sulphur, Okla., says: "For four or five years I was bothered a great deal by too frequent passages of the kidney secretions and a stiffness in my back. I tried one remedy after another, but until I procured Doan's Kidney Pills a few months ago, nothing brought me permanent relief. Since taking the contents of two boxes of this preparation, my health has been better and the kidney secretions have been regular in passage."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

YOU WILL FEEL BETTER SATISFIED.

with the suit of clothing that is cut and fit to your own individual form than you would with the clothing that was made for "anyone in your size." When we make a suit of clothing to your measure from our high class fabrics it will keep its shape and you feel like a gentleman in it and wear it till it is worn out. In fact you dislike to part with it then when it is made by

IF A MAN DECEIVES YOU ONCE, SHAME ON HIM

If He Deceives You Twice, Shame On YOU

No Incompetent Printer Should Get a Second Order From You—And He Really Ought Not to Get the First!

Select your printer at least as carefully as you would select your tailor—for while your tailor, or clothier, has much to do with your business success, your printer has more to do with it.

And before you "tie up" to him, make him show you his value to you. If he's the right sort of printer, he CAN.
